YTD Net Foreign Flow (LKR 'Mn) MARKET COMMENTARY

Market saw a two and half week low and ended on a negative note heavily impacted by the dip in CTC with thin volumes. ASPI had a volatile downtrend throughout the day and closed at 6,507 losing 17 points. Losses in the index were mainly contributed by big cap CTC and LOLC. Both turnover and volume recorded a one week low. A net foreign inflow was witnessed for the 2nd consecutive day with high foreign participation.
